FOREWORD

The statistical data included in this publication are compiled from the Annual Report, Form 18E and 18F, the Budget Form 4, and the Organization Report, Form S066 received by the Kansas State Department of Education from each school district in Kansas.

Part I provides pertinent data in summary form for the state, and offers an easy reference for school administrators and others interested in Kansas schools. In some cases comparative data for past years have been included. It should be noted in some cases, that because of rounding, detail items may not equal the total.

Part II includes individual listings of certain important data, arranged by district location and number in alphabetical county order. As many listings as space would permit have been included.

The LEA Finance Section would like to thank the school district staff members who had the responsibility of preparing and mailing the report forms to this office. Additional copies of this publication may be obtained upon request and any suggestions to improve this report may be directed to:
